Ranger Say Borger Crime Ring Worst Ever Encountered

HOME TOWN STUFF

Well, our football team didn't allow the Oklahoma visitors to get away with yesterday's game. It was pretty close, but for an early season effort it was all right. Our lads looked good, except for a few details of play that may be improved with more experience. One particular part of the game that could be improved is the running of interference. Some of our boys seemed to think that all an interference man is expected to do is to get in front of the ball carrier and lie down. This was particularly noticeable in the players assigned to the task of protecting the punt receiver. It is a good plan for an interference man to stay on his feet as long as possible and when he goes down to be sure to take at least one potential tackler with him.

This advice to the football boys is free and is probably worth all it cost. H. T. is willing to leave the coaching to Messrs. Weir and Binnion. They are getting paid for it and it wouldn't be right for a mere outsider to take charge of the coaching. But something has to be written for this column today and since H. T. attended the ball game yesterday afternoon, he didn't have a chance to get up other copy.

There is another observation about football games. What we would like to know is why some people who have no part in running the game or reporting it for newspapers feel that they should run up and down the side lines following the play and obstructing the view of cash customers back in the stands. Why? Is it because they are afraid they won't attract attention? Some people like to be noticed, even if in an unfavorable way.

A friend called in yesterday to correct some English as used in this column a few days ago. In the mention of the Morrison case it was stated that the minister was tried for killing his wife in District Court. The friend wonders if it wouldn't have been more accurate to say that Morrison was tried in District Court for the killing of his wife. Perhaps it would, since there was no direct evidence that the man killed his wife in the District Court but who knows? There were no eye-witnesses and the evidence was purely circumstantial. H. T. knows when he makes a fumble but he is not such of a person to make public acknowledgment of said fumble. There is no use. There are plenty of others to call attention to them.

Publicity is beginning to be circulated for the eleventh annual convention of the West Texas Chamber of Commerce to be held in El Paso, October 24, 25 and 26. El Paso is always an interesting city and this year's convention should have a special appeal to the people of this section of West Texas, because our own Andy Bourland is president of the organization and recently assumed duties of general manager, following the resignation of Homer D. Wade who held the place for years. Andy Bourland has given a lot of time to West Texas during the last year and has accomplished some real good. His friends in Vernon and Wilbarger County should show their interest in the organization and their appreciation of Andy Bourland by sending to El Paso the largest delegation ever attending a West Texas Chamber of Commerce convention.

It will be a fine opportunity for Vernon to get a lot of valuable publicity. We will be in the attitude of asking nothing and just simply contributing our part toward keeping West Texas going forward. H. T.'s guess is that the past year will be considered epochal in the history of West Texas and a lot of hard-earned commendation will go to Vernon be-

MOODY SILENT ON RUMOR OF MARTIAL LAW

Captain Hamer Says Some of Law Enforcement Officers Have Either Served Terms in Penitentiary or Are Now Under Indictment.

Austin, Sept. 21.—(A-P)—Borger has the worst "bit of organized crime" he has ever encountered in his 23 years in the Ranger service, Captain Frank Hamer told Governor Moody in reporting his estimation of the situation.

Governor Moody returned today from Dallas and Terrell. He held a conference with the Ranger Captain, the two riding from Dallas to Terrell together.

The Governor refused to declare his intentions and said he had no opinion as to the likelihood of martial law.

"Captain Hamer did not make any recommendations, he merely reported on the situation and declared it the worst he had encountered in his long career," Governor Moody said.

He said he did not know what steps would be taken to combat the crime "ring" described to him.

He said Captain Hamer said some of the law enforcement officers had either served terms in the penitentiary or were now under indictment.

GILBERT WILL APPEAL CASE

NEW TRIAL IN SUIT FOR DAMAGES OVERRULED BY JUDGE COLE

Motion for a new trial was overruled and notice of appeal to the Court of Civil Appeals at Amarillo was given by John Davenport, attorney for the plaintiff, in the civil case of W. W. Gilbert vs. Lon Byars et al, this morning, in the Forty-sixth District Court before Judge Robert Cole.

An instructed verdict was ordered Friday with completion of the evidence. W. W. Gilbert was suing Lon Byars, Mayor H. D. Hockersmith, A. J. Carpenter and W. O. Smith, as members of the Vernon City Commission for damages and salary for two years, totaling \$63,600, in connection with his dismissal as chief of police last fall.

PERJURY CHARGES MAY BE FILED IN PANTAGES CASE

Los Angeles, Sept. 21.—(A-P)—Possibility of perjury charges against two defense witnesses for Mrs. Alexander Pantages held the spot light in the trial of the theatrical magnate's wife on a second degree murder charge today as prosecution and defense counsel prepared their final summations to the jury for presentation Monday.

James P. Costello, chief deputy prosecutor, declaring he was in possession of "highly sensational information" which came to him too late for use as evidence in the trial, said perjury charges would be filed against two defense witnesses, one a woman. He declared the matter would be laid before the county grand jury today.

THREE KILLED IN MEXICO ELECTION CONTROVERSY

Mexico City, Sept. 21.—(A-P)—First serious trouble in connection with the national presidential election to be held in November occurred here last night when three men were killed, another probably fatally wounded and three less seriously wounded in fighting between supporters of Jose Vasconcelos and Pascual Ortiz Rubio, presidential candidates.

The clash occurred at the Avenida Hidalgo and San Fernando Park, two blocks from the office of El Universal, newspaper which has been the center of political controversy during the last few days. Order was restored after police reserves quelled the disturbance.

cause Andy Bourland has been the leader in a constructive program for the West Texas Chamber of Commerce. Make your plans to go to El Paso.

PLANS FOR RED RIVER BRIDGE TENTATIVELY APPROVED

Tentative approval of plans for construction of a bridge across Red River north of Vernon has been given by Jackson County, Oklahoma officials, and by the Highway Commissioners of Texas and Oklahoma, County Judge J. V. Townsend announced.

The Texas Highway Commission has made a provisional allotment for grading, drainage and bridge work on Highway No. 23 north from Vernon to the proposed bridge, to connect with an Oklahoma highway.

Judge Townsend and Commissioner J. M. Reynolds have made a number of trips to Altus recently in the interests of the proposed bridge and the Jackson County officials have agreed to pay their share of the costs, and the Texas Commission has agreed to take the matter up with the Oklahoma Commission in the near future, it is announced. Judge Townsend and Commissioner T. K. Huffman appeared before the Texas Commission in Austin this week.

The tentative allotment made by the Texas Commission is not to become available until more definite plans for the bridge are made, it was stipulated.

DETROIT BLAZE DEATH TOLL 19

BROAD INVESTIGATION OF NIGHT CLUB FIRE IS BEING CONDUCTED

Detroit, Sept. 21.—(A-P)—The death list in the fire which early Friday swept the Study Club, Detroit cabaret, mounted to 19 today with doubt expressed for recovery of 13 of the 37 injured still remaining in hospitals.

One of the injured, Roland Lowe of Detroit, died early today. Eight of the injured have been discharged while a majority of the others are reported in a "temporarily seriously condition."

Investigation of the fire broadened to include four city departments in its scope.

FOUR FACE CHARGES IN BRITISH STOCK SWINDLE

London, Sept. 21.—(A-P)—Clarence Hatry and three associates in a stock exchange sensation here were charged at the Guildhall today with conspiracy to obtain 209,000 pounds sterling (\$1,045,000) by false pretenses. The four men were refused bail and remanded until September 27.

The crown prosecutor intimated further charges are likely to follow in the case. The other accused men arrested with Hatry are Edmund Daniels and Albert E. Tabor, company directors, and John G. Dixon, secretary.

HUDSPETH NOT TO SEEK REELECTION TO CONGRESS

San Angelo, Texas, Sept. 21.—(A-P)—The San Angelo Morning Times said today the veteran Congressman Claude B. Hudspeth had advised it that he would not seek reelection, setting forth his reasons for publication later.

LINDBERGH TO SPEND NIGHT AT SAN JUAN

En route with Colonel Lindbergh, (By Pan American Radio to Miami), Sept. 21.—(A-P)—Colonel Charles A. Lindbergh hopped from Santo Domingo at 1:04 p. m., for San Juan, Porto Rico, where he will stop overnight before resuming his flight to South America.

TRI-STATE FAIR TO OPEN AT AMARILLO MONDAY

Amarillo, Texas, Sept. 21.—(A-P)—Throwing its gates open to the world without an admission charge, the Amarillo Tri-State Fair's annual exposition will get under way here Monday and will run for the next week, through Saturday, Sept. 28.

BECKY ROGERS JURY FAILS TO REACH VERDICT

Panel Discharged With Vote Standing 9 to 3 for Acquittal—Former University Coed May Not Be Prosecuted Further for Robbery.

New Braunfels, Texas, Sept. 21.—(A-P)—Unable to reach a verdict after nearly two days of deliberation, the weary jury which heard Mrs. Rebecca Bradley Rogers' bank robbery trial was discharged last night, and today the end of the former Texas University student's long court combat with the state appeared to have been reached.

While District Attorney Fred Blundell would not commit himself, he indicated he did not intend prosecuting her for the fourth time for holding up the Farmers National Bank of Buda, Texas, in December, 1926. Twenty-four-year old Mrs. Rogers smiled thinly when the judge discharged the jury, which had stood nine to three for acquittal on the insanity plea, but she made no comment. Otis Rogers, who as his wife's chief lawyer had hoped to celebrate his 27th birthday yesterday with the knowledge she had been freed outright, exhibited his disappointment, but thanked each juror for his labors.

He planned to take Mrs. Rogers immediately to their home in Fort Worth. Blundell had called on him to place her in an asylum if he still believed her unbalanced. The young husband answered that challenge with a hot statement that she would remain with him and under his care.

The jury of German-American farmers strived manfully to come to a decision, but the three "hold outs" refused to budge. Several times the foreman told the court no agreement was possible but was instructed to go back and try again, the judge being mindful of the expense of the trial. Forty ballots were taken. All of them recorded 9 to 3 except the first two, which were 8 to 4. It was the first jury "hung" on a felony case in this county within a decade.

PAIR SOUGHT IN DEATH HELD

MAN AND SON WANTED IN LLANO KILLING TAKEN ON LAMPASAS RANCH

Llano, Texas, Sept. 21.—(A-P)—Two men which a posse, augmented at times by bloodhounds, had sought for two days, were in the law's custody today for the killing of L. C. Calloway.

The alleged slayers, D. K. Ellison and his son, Barney, were captured yesterday on a ranch west of Lampasas by its owner, A. Landers.

KANSAS CITY TO OPEN BIG AIR SHOW TODAY

Kansas City, Sept. 21.—(A-P)—With scores of planes and lighter-than-aircraft in the hangars of Kansas City airports and a dozen ships converging on Mexico City for a take off there Monday on a 1,500 mile race to Kansas City, the international air circus opens here today with a 500 mile race over a circular route through Kansas and Missouri featuring the day's events.

The Mexico City to Kansas City derby is the principal event of the circus. Twelve planes have been entered and officials in charge said they expected at least three more to take off from the Mexican capital on the long trip which will end here Thursday afternoon.

STORM WARNING ISSUED FOR ATLANTIC COAST

Washington, Sept. 21.—(A-P)—The weather bureau today issued the following storm warning:

"Advisory: northeast storm warning ordered 10 a. m., Cape Hatteras to Atlantic City. N. J. disturbance of slight intensity central nearly three hundred miles east of Jacksonville, Fla., apparently moving very slowly northward in connection with strong area of high pressure over the north Atlantic and middle Atlantic states, will cause strong northeast winds, probably of gale force at times during the next thirty-six hours."

M'KENZIE MAY YET DIE FOR KILLING OF OFFICER

Austin, Sept. 21.—(A-P)—John A. (Pete) McKenzie, given death for the murder of Chief of Detectives Sam Street, and saved from execution by verdict of a jury that the condemned man was insane, is now sane, according to a letter received by Governor Moody from Dr. George F. Powell, superintendent of the Terrell State hospital, where McKenzie is a patient.

Governor Moody said the superintendent suggested that the Governor commute McKenzie's death sentence to life imprisonment so he could send him to the penitentiary rather than retain him at the asylum.

"I replied that I had refused to commute McKenzie's death sentence and called his attention to the statutes which direct disposition of such cases," Governor Moody said.

Under the law, when a condemned man is saved from death by a jury believing to be sane, the superintendent of the asylum where he is retained shall make affidavit to the district judge of the court where the original sanity hearing was held declaring that he believes the man to be sane, when another hearing shall be called. If the patient is found sane the law directs that the sentence of death be carried out.

TWO HELD IN ATTACK CASE

OFFICER AND MEXICAN IN PITCHED BATTLE ON ROBSTOWN FARM

Robstown, Texas, Sept. 21.—(A-P)—Two Mexicans were held in jail here today, one charged with criminal assault and the other with kidnapping, after an alleged attack on a 15-year-old Mexican girl.

Juan Trevino, alleged to have attacked the girl, was captured after a running gun fight with Constable W. A. McGee in which the Mexican was said to have held the girl's wrist and the officer. None of the three was hit by shots.

A. L. Denis, charged with kidnapping, was arrested at his home near the scene of the purported attack. Cotton pickers said the girl was approached by two men as she was going to a cotton field. The men threatened her with a pistol and took her into a nearby thicket. The cotton pickers notified the girl's father.

McGee said he found Trevino and the girl in the thicket and that Trevino ran, dragging the girl along with him and keeping her between the officer and himself. As he ran, the Mexican fired several times at the officer, according to McGee, and McGee returned the fire.

SARTIN TAKES ISSUE WITH WILCOX STATEMENT

Wichita Falls, Sept. 21.—(A-P)—If the State Democratic executive committee sustains the view of D. W. Wilcox, chairman, that one who took the Democratic pledge in the last elections and then voted Republican should not be allowed to run for office on the Democratic ticket next November, the "bolter" group will put a full slate in to the field to oppose the Democrats, B. D. Sartin, Hoover manager in Texas in the last campaign, said yesterday. He said he had "reason to believe" Mr. Wilcox's opinion was shared by the entire committee.

MAN GIVEN FIFTY YEARS IN PRISON AT CAMERON

Cameron, Texas, Sept. 21.—(A-P)—For killing Joseph Hoesch, Fred Matthews was sentenced to 50 years imprisonment by a jury which refused his self defense plea here yesterday. Matthews was wounded some time ago in a difficulty with the aged farmer.

BIG BANK MERGER MADE PUBLIC IN OKLAHOMA CITY

Oklahoma City, Sept. 21.—(A-P)—Merger of the American-First National and the Security National Banks of Oklahoma City into the largest national bank in the tenth Federal reserve district was announced today.

BRITISH LIQUOR SHIP SEIZED BY CUSTOMS BOAT

Vessel and Crew Held Under Guard After Being Seized with Cargo of Rum of an Estimated Value of \$50,000 off Montauk Point.

New London, Conn., Sept. 21.—(A-P)—The British auxiliary schooner Vines was seized with a cargo of liquor of an estimated value of \$50,000 off Montauk point today. The seizure was made by the coast guard patrol boat CG-290 in command of Boatswain A. C. Cornell of this city.

Seven men were aboard the seized vessel.

The patrol boat brought the schooner to the coast guard base at the state pier here and held the crew under heavy guard pending arrival of customs authorities.

Deputy collector Jeremiah Dillon of the customs service decided that the boat was seized within New York jurisdiction and that it would probably have to be taken to New York.

The cargo of alleged contraband is represented by about 1,000 cases of assorted liquor. It was learned this apparently represented only part of the original cargo aboard the ship.

SENATE VOTES TO OPEN EARLY

SESSION WILL START AT 11 O'CLOCK MONDAY, TARIFF ISSUE UP

Washington, Sept. 21.—(A-P)—Following the injection of the word "fillibuster" for the first time in the tariff debate, the Senate today voted to meet next Monday an hour earlier than the usual noon convening time in order to speed up action on the bill.

The 11 o'clock meeting hour, however, will be followed only on Monday. To continue it a proposal similar to that presented today by Senator Watson, of Indiana, Republican leader, will have to be approved.

Sensors Blaine, Republican, Wisconsin, and Simmons, Democrat, North Carolina, approved the move on the condition assurances would be given the Senate would not be held in session late in the afternoon. Blaine served notice that if an attempt were made to "grind down" the physical endurance of members in order to pass the bill, there were senators who were prepared to "debate to the extent that the measure shall not pass until full opportunity is given to consider its provisions, even at the expense of being charged with filibustering."

SHIP REFLOATED AFTER BEING RAIDED BY PIRATES

Shanghai, Sept. 21.—(A-P)—The Norwegian steamer Botnia, looted by pirates after going aground on a bar off Haichow last week, has been refloated, and all the officers except Chief Officer Westerheim have been released. Captain Hasland who was held with the chief officer escaped and has reached Haichow safely.

EXPANSION OF AIR MAIL SYSTEM BEING PLANNED

Washington, Sept. 21.—(A-P)—The post office department is contemplating an early expansion of the air mail service which will develop, among other things, a new transcontinental route from Atlanta to Los Angeles.

PEACOCK TRIAL ADJOURNED AFTER THREATS DETAILED

White Plains, N. Y., Sept. 21.—(A-P)—A week-end adjournment brought the trial of Earl Francis Peacock to a standstill today. There was testimony yesterday that he had threatened "to get" his wife, whose murder he confessed.

Frances Newman, alias Murray, red-haired young woman of the dance halls, to whom Peacock gave some of his wife's clothes, testified that two months before the killing, the 21-year-old radio technician told her his wife's conduct with other men and uttered a threat.

SCHWAB SAYS EMPLOYMENT OF SHEARER UNWISE

Washington, Sept. 21.—(A-P)—Employment of William B. Shearer, naval propagandist, by American shipbuilders, as an "observer," at the Geneva conference was described as "most unwise," today to a Senate investigating committee by Charles M. Schwab, chairman of the board of directors of the Bethlehem Steel Corporation.

Schwab said he knew nothing about the Shearer deal until many months later. When first asked about the Shearer arrangement by a newspaperman, Schwab said he had denied it because "I couldn't believe it and knew nothing of it."

The Bethlehem Ship Building Corporation, subsidiary of the steel corporation, was one of the three companies which employed Shearer at Geneva.

The Bethlehem chairman added he was confident that Eugene Grace, President of the Bethlehem Ship Building Corporation, knew nothing of the Shearer deal.

Asked who was responsible for employment of Shearer by his company, Schwab hesitated named S. V. Terrell, vice president of the shipbuilding corporation.

PRISON TYPES ARE DISCUSSED

COMMISSION IN SESSION CONSIDERS PLANS FOR TEXAS SYSTEM

Temple, Texas, Sept. 21.—(A-P)—Discussion of the type of prison system it would recommend to the state legislature was the topic before the state prison commission in session here today.

Sixteen of the 18 members were present. It was decided to make the sessions open to newspapermen. A committee composed of Lee Simmons of Sherman, John F. Wallace of Teague and Coke R. Stephenson of Junction drew up recommendations for the procedure of today's session. The report is to be taken up section by section for discussion and vote.

Representative H. A. Turner presented a bid for Madisonville for the relocation of the prison system. The bid was not discussed.

WAPLES PLATTER ROBBED OF TOBACCO DURING NIGHT

Cigarettes, smoking and chewing tobacco values at \$600 were taken by burglars from the Waples-Platter Wholesale Grocery firm last night. It was reported to the Sheriff's office this morning. Entrance was made at the north door of the store room in north Vernon by means of a crowbar. It is believed the robbery occurred about midnight.

A reward of \$50 has been posted by the wholesale house for capture of the burglars. The list of stolen goods included two cases of Chesterfield cigarettes, two cases of Camel cigarettes, two cases of Lucky Strikes, Old Gold and other cigarettes, four cases of Prince Albert smoking tobacco and chewing tobacco.

SUSPECT IN OKLAHOMA BANK ROBBERY ARRESTED

Beaumont, Texas, Sept. 21.—(A-P)—A suspect in the \$4,360 robbery of the Checotah, Okla., People's Bank was held here today. The man, Graham Hill, alias Lloyd Wright, was arrested at a hotel.

Cashiers checks amounting to \$2,000 were found in possession of Hill's father.

TEXAN SHOT DOWN IN ARIZONA, IS RETICENT

Phoenix, Ariz., Sept. 21.—(A-P)—Robert Shelton of Temple, Texas, was shot down here last night. He was found in a residential street with a bullet wound in the left knee.

Shelton refused information as to the manner in which he was shot other than to say he was walking down the street when someone shouted "wait a minute" and fired.

TOTAL FIGURES LOWEST SINCE YEAR OF 1922

Anticipated Yield Declared To Have Deteriorated Rapidly During Latter Part of August and Early Part of September, According to Terrell.

Austin, Sept. 21.—(A-P)—A Texas cotton crop of 3,887,000 bales lowest since 1922, was estimated by George B. Terrell, State Commissioner of Agriculture, based on September 15 conditions.

The figure is 220,000 bales below the Government's estimate of 4,107,000 bales of September 1, believed in agricultural circles to be approximately correct at that time. The anticipated yield, however, has deteriorated rapidly during the latter part of August and September, Terrell said.

Banner cotton counties last season have felt the effect of a reduced crop and Ellis probably will be the only county to produce more than 100,000 bales, according to the commissioner. In 1927, Hill, McLennan and Williamson counties, together with Ellis, exceeded this output.

Late feed crops have been benefited by recent rains in some sections, but indications point to shorter feed crops than last year, Terrell was advised.

FILLING STATION BLAST KILLS 3

AIR COMPRESSOR PLANT EXPLODES, WRECKING IOWA BUILDING

St. Ansgar, Ia., Sept. 21.—(A-P)—Three persons were killed and one was injured when the air compression plant under a gasoline filling station here exploded today.

LITTLE MISS TAKES RIDE ON FENDER OF AUTO

"I was just stealing a ride on your fender," Dorothy Lee Bell, four years old, of 1403 Deaf Smith Street, told Mrs. L. F. Bell Thursday morning when she was discovered sitting on the right fender of the Bell car after a five-block ride from her home to Pease and Main Streets. Mrs. Bell made four turns in the five blocks and the young lady safely kept her balance and enjoyed the ride to town.

Dorothy Lee had taken a seat on the fender without Mrs. Bell's knowledge while she talked to the child's mother, Mrs. J. D. Bell. Several excited business men rushed to Mrs. Bell's car when she parked asking how the child happened to be there.

BRITAIN WITHDRAWS ARMY DEMANDS BEFORE LEAGUE

Geneva, Sept. 21.—(A-P)—Lord Robert Cecil today withdrew the British disarmament resolution regarding trained army reserves which has stirred League of Nations debate this week and accepted a compromise proposal which he declared accomplished the purpose of the British Government.

SOVIET PLANE LANDS ON AMERICAN TERRITORY

Moscow, Sept. 21.—(A-P)—The Russian plane "Land of the Soviets" was reported by the Soviet news agency Tass to have landed today on Attu Island, the extreme west of American territory in the Aleutian Islands.

Building Cabin.

Vernon Boy Scouts of Troop No. 1, under Scoutmaster V. L. Norsworthy are building a regulation scout cabin. It was announced last night at the weekly Boy Scout meeting at the First Baptist Church. Construction on the cabin started Friday afternoon on the north bank of Pease River about a mile west of the wooden bridge north of Vernon.

York Arrested.

"Shorty" York of Vernon was arrested Friday night by members of the Sheriff's department on a charge of transport held in the county jail. York is being held in the county jail on a similar charge and was under bond at the time of his arrest.

Cooler Weather Ushers in Lively Social Activities in Vernon

Each Day of Past Week Replete With Entertainments Including Number of Elaborate Programs

With cooler weather and its attendant activities at hand, club work is being renewed with greater intensity than ever before in Vernon. Each day this week was replete with numerous entertainments, including club meetings, parties honoring Vernon school teachers, and various other social functions. The parent-teacher associations of the city started active work during the week, as did other social organizations.

Initial meetings of the Delphian Club and Home Economics Clubs were held Wednesday afternoon, with Mrs. J. E. Lutz and Mrs. Earle Norwood, the respective hostesses, and interesting programs inaugurated the new year's studies. The Past Matrons Association resumed active work at a meeting Friday afternoon at the Yamparika Club House with Mrs. J. E. Lutz hostess, as did the W. C. T. U. when it met Thursday afternoon at the home of Mrs. W. M. Reed. The first P. T. A. meetings of the year were held on Thursday afternoon, when Central, Shive, Hawkins, and Parker schools parent-teacher associations met at their respective schools and took up active work.

The week opened on Monday with Mrs. W. M. Reed, in Vernon, Dr. H. L. the Methodist Missionary society meeting in church meetings and studying "Oriental History," the Baptist Missionary Society at the church for a mission program, the Baptist Y. W. A. meeting at the home of Mrs. R. E. Johnson in regular session, and a social and business session of the American Legion and Auxiliary at the Legion Home.

The wedding of Clarence Reed and Miss Geneva Brian, of Mack, took place Wednesday morning at the home of Mrs. Reed's grandparents, Mr. and

Lovely Party Is Given Honoring Bride-To-Be Here

Carnations, roses and other cut flowers were most artistically combined as a floral decoration about the home amid autumn colors, when Misses Ladd and Cleo Bowers entertained their sister, Miss Natha Jo Bowers, bride-elect, Friday evening at the home of their parents, Mr. and Mrs. H. D. Hockersmith, on Paradise Street.

Miss Bowers will become the bride of Jess Alfred Woolf, of Oklahoma City, Monday morning.

The autumn shades of amber and orchid were featured attractively in the table covers, and candies on each table, in other novel decorations, and in the refreshment course. Flickering lights of golden candles created a pretty scene when a salad course was served at the close of the evening, and when a small note was found on each plate announcing the forthcoming wedding. The notes and the score pads of the evening were of the bridal motif.

Five tables of guests played bridge throughout the evening and one table played games of 42. In the bridge games, Mrs. Ralph Casey was the fortunate winner of high score, and in 42, Mrs. E. H. Pigg was presented the high score prize. The honoree was also presented with a lovely gift. The close of the evening revealed the miscellaneous shower in which the young bride-to-be received many lovely gifts.

The guests present included: Miss Mary Dodson, Miss Billie Lisman, Miss Merle Allison, Miss Alice Stokes, Miss Florence Hackell, of Paris, Miss Edna Ladd, Miss Letta Williams, Miss Estelle Williams, Miss Mary Beth Doshon, Miss Gladys Pettit and Miss Belma Cross, of Wichita Falls, Mrs. Ralph Casey, Mrs. Dick Bowers, of Breckenridge, Mrs. Grady Shipp, Mrs. W. D. Dixon, Mrs. Robert T. Lutz, Mrs. George Shanor, Mrs. Arthur Lloyd, Mrs. E. H. Pigg, Mrs. W. N. Stokes, Miss Bess Vernon, Mrs. Charlotte Still, Mrs. Tom Lisman, Mrs. A. A. Lloyd, the hostess, Misses Ladd and Cleo Bowers, and the honoree, Miss Natha Jo Bowers.

On Friday, Mr. and Mrs. Perry McDonald entertained the Post Office Ladies Auxiliary with a "baby" party, the two Friday Bridge Clubs met with Mrs. R. E. Martin and Mrs. C. M. Hardison as respective hostesses, the Baptist Missionary Society entertained in honor of Vernon school teachers with a delightful social, Mr. and Mrs. B. H. Lewis entertained members of the Rebekah Degree staff with a fish fry, the City P. T. A. Council held a meeting, and Misses Ladd and Cleo Bowers entertained with a bridge miscellaneous shower in honor of their sister, Miss Natha Jo Bowers, bride-to-be.

Affairs Honoring Bride-Elect Will Feature Society

The pre-nuptial parties and showers given in honor of Miss Natha Jo Bowers, bride-elect of Jess Alfred Woolf, of Oklahoma City, this weekend and the wedding on Monday morning features the social activities of the week-end. The first of these entertainments was given last night, when Misses Ladelle and Cleo Bowers, sisters of Miss Bowers, were hostesses at a lovely bridge party and miscellaneous shower in her honor.

Miss Alice Stokes and her mother, Mrs. W. N. Stokes, are entertaining this afternoon with a party honoring the bride-elect, while Sunday morning Mr. and Mrs. Grady Shipp will compliment Miss Bowers and Mr. Woolf with a breakfast. The wedding will take place Monday morning at 9 o'clock at the home of Mr. and Mrs. H. D. Hockersmith on Paradise Street, with Dr. E. F. Lyon performing the ceremony. Immediately following the wedding, the bridal party will be entertained at a wedding breakfast given by Mr. and Mrs. Robert T. Lutz.

Other entertainments of the week will include an open house tea and gift shop sale to be given by Circle No. 5 of the Methodist Women's Missionary Society on Saturday afternoon at the home of Mrs. B. J. Parker. The same afternoon will find a meeting of the County Federation of Women's Clubs at the Yamparka Club House, the initial meeting of the year. A program on "Education" will be given during the afternoon.

A regular business and social meeting of Mrs. S. E. Lloyd's Sunday School Class of the First Methodist Church will be held Thursday afternoon at the church.

Mrs. C. H. Randel was hostess to members of the Wells Valley Community Club at her home Thursday afternoon. Mrs. N. D. Brock was the program leader of the afternoon on the subject of discussion, "Dallas Fair Exhibits." Mrs. Oby Blanchard gave a report of the County Club Fair, after which all members present gave a report on their fall gardens, fall canning, and preserving plans, and reports on marketing of home products. Miss Doris Leggett, county demonstration agent, gave a demonstration during the afternoon on how to can fruits and vegetables for a fair exhibit.

At the close of the afternoon, refreshments of banana cake and grape punch were served to the following members and guests: Mrs. J. J. Blanchard, of Sudan, Mrs. Lee Tolbert, Miss Doris Leggett, Mrs. E. H. Baldwin, Mrs. Oby Blanchard, Mrs. Roy Blanchard, Mrs. N. D. Brock, Mrs. J. E. Calvert, Mrs. John Frost, Mrs. Etta Randel, Mrs. E. LIONS SHOW PROMISE IN DEFEATING FREDERICK 8-6

LINE DISPLAYS SURPRISING ABILITY AND GELHAUSEN AND MANIS FLASH IN BACKFIELD

The Vernon High School Lions gave early season promise of a potent football organization in defeating the Frederick Bears, 8 to 6, on the City Park gridiron Friday afternoon in the first scheduled game of the season.

The smooth functioning of the forward wall and stellar work of Gelhausen and Manis in carrying the ball more than offset quite a bit of faulty safety playing and left the Vernon fan with a good impression of the Lions' ability.

The Lions outplayed the visitors more than the score indicates, recording fourteen earned first downs to two for the Bears. A fumbled punt by Baird in the first few minutes of play gave the visitors their only touchdown and two similar performances by Christian and a twenty-five yard penalty precipitated the only other serious threats made on the Vernon goal line.

Vernon's touchdown came in the second quarter when it had begun to appear that despite driving ability shown by the Lions they would go scoreless in the first half. Williams tossed twenty-six yards to Richardson who ran the remaining distance to the goal line to net 49 yards.

Two points in the Vernon total came in the third quarter. Crawford kicked from Vernon's thirty-four yard line and the ball rolled out on Frederick's three-yard line. On the next play, Clark fumbled and recovered and downed the ball back of his own goal line.

Vernon threatened seriously twice more and was almost within the shadow of the goal line when the game ended, and another drive was interrupted by a fumble, a practice that tended to mar the work of the backfield. Manis fumbled once and Baird and Christian lost the ball twice.

Gelhausen at half was the outstanding ground gainer of the day. His slashes off tackle and around end provided the game with many sensations and recalled to the minds of reminiscent fans days when his brother "Bad Bill" roamed up and down the Lion's den. Manis, bull, displayed stevedore tactics that netted several nice gains through the line. He doubled well become a dependable ground gainer before the season closes.

Dolan at right tackle stood out in offensive work in the forward wall, although the entire wall turned in a creditable game. He was charging into the offensive on every play, and he and his mates smothered practically every effort of the Oklahomaans.

Vernon's greatest weakness appeared at safety. Christian and Baird seemed to have difficulty in judging punts, allowing them to go over them.

In punting the Lions were far from sensational, but they never failed to get their kicks away and in that way gave them a better average than that made by Frederick, as one of the Bearcat kicks was blocked and another netted but a few yards.

Clark showed to the best advantage for the visitors, but he was played almost off his feet before the end of the game.

First Quarter.

Manis kicked off and Clark returned the ball with a kick to Baird who fumbled at the 5-yard line and Emrick recovered on the 8-yard line. Davidson circled left end to take the ball over the goal with two minutes barely elapsed since the starting whistle.

Eleven plays with Gelhausen and Manis carrying the pigskin carried

the Lions for 71 yards, during which they received a 5-yard penalty to the 2-yard line. Manis failed to gain and Gelhausen lost five yards. Baird fumbled a pass to Gelhausen and Frederick recovered the ball on their own 7-yard line. Clark kicked to Baird who returned 12 yards to the 42-yard line. Gelhausen and Christian took the ball 40 yards in five plays but a fumble by Manis was recovered by Prichard on his own 25-yard line.

A series of punts and fumbles put the ball in the Bearcats possession at the end of the quarter on their own 25 yard line.

Second Quarter.

The quarter got under way with a punting duel in which the Lions retained the advantage and ended with Williams taking a long punt by Clark to his own 49 yard line. The Bearcats gained 5 yards on the last exchange. Crawford passed 25 yards to Richardson who dashed over the Bearcat goal in an open field, tying the score. Wilkes blocked Manis' try for goal.

Paschal ended a second punting duel on the 50-yard line by recovering a blocked punt. Gelhausen gained 14 yards on two tries. Williams fumbled and recovered for a 7-yard loss. Prichard intercepted Williams' pass to Richardson on his 28-yard line and returned 8 yards. Clark kicked to Williams who returned to his own 45-yard line. Byrnes stopped Gelhausen for no gain as the half ended.

Third Quarter.

Quaid returned Smith's kick to the 30-yard line. Rodman stopped Byrnes after a five yard gain. Clark gained a yard and kicked to Christian who downed the punt on the 21-yard line. Crawford kicked to the 35-yard line. Byrnes gained a yard and Clark gained 4 yards. Prichard fumbled Clark's pass and the Lions recovered the ball on their own 34-yard line. Christian gained 5 yards at left end and lost five on the next try. Crawford kicked from his 34-yard line and the ball rolled to the Bearcat 5-yard line. Frederick was off side on the play and Vernon took the gain. Clark fumbled an attempted punt and was tackled by Crawford and company for a safety giving Vernon an 8 to 6 lead which they held.

Frederick took a free kick on their own 20-yard line, Quaid kicking to Williams on his 30-yard line, who returned 8 yards to the Bearcat 32-yard line. A penalty for roughing set the Lions back to midfield. Clark brought Crawford's punt to his 42-yard line. Clark kicked to Christian and the Vernon squad was penalized on the 2 yard line for clipping. Crawford kicked from under his own goal to Clark who was stopped on Vernon's 18-yard line. After a series of kicks and line bucks the quarter ended with Clark returning a punt to midfield. The only feature of the play was a long lateral run by Addison who gained 15 yards on the dash.

Fourth Quarter.

Clark failed to gain and Parker knocked down a pass to Wilkes. Williams returned a punt 5 yards to his own 21 yard line. Dolan was at his best at this point and downed Clark for a 2 yard gain and then through him for an 8 yard loss on an attempted pass. Williams returned a punt 10 yards to his 30-yard line. Manis gained 5 yards but the gain was lost in an offside penalty. On an exchange of punts Williams returned 15 yards to the 50-yard line. Gelhausen and Manis alternated carrying the ball for eight plays and gained a total of 26 yards. Byrnes intercepted a pass

from Gelhausen on his own 24-yard line. A series of Bearcat passes failed.

Prichard killed Addison's kick on the Vernon 30-yard line. Manis, Gelhausen and Manis drove the ball back down the Bearcat territory to the 6-yard line in five plays where Gelhausen was held for no gain as the game ended.

Southwest Teams To Open Football Schedules Today

Dallas, Sept. 21.—(AP)—Although the race proper for the Southwest conference grid crown still is a month away, due to the unusual number of inter-sectional games booked by conference teams in early season, the curtain will be rung up on two fields today.

Baylor University's Bears, an overwhelming choice to succeed Texas University to the throne room, were picked to smear the Stephen F. Austin Teachers of Nacogdoches at Waco. It will mark the first public appearance of Coach Morley Jennings' "wonder" team.

The North Texas Teachers from Denton will invade Oranby stadium here to act as sparring partners for Coach Ray Morrison's Southern Methodist University Mustangs, who are by way of being the conference's second wonder eleven, in that there is considerable speculation anent their potency.

The big fellows were figured to win without much trouble in each instance, although there was the possibility that the Eagles, coached by Jack Cisen, would give the remodeled Mustangs something to think about.

PLAINVIEW AND FLOYDADA PLAY TO SCORELESS TIE

Floydada, Texas, Sept. 21.—Floydada Whirlwinds and Plainview Bulldogs opened the football season here Friday afternoon in a hard fought scoreless tie. The game was featured by long end runs by Howard Welborn, Whirlwind captain and Laird of Plainview.

A pass, Green to Welborn in the third quarter carried the ball to within a few yards of the goal but the Plainview team held. A large crowd witnessed the game which was the feature attraction of the third day of the Floyd County fair.

Mack Dean of Baseball Pilots Has Been in Harness 35 Years and Has Won Total of Seven Championships

(By The Associated Press)

Philadelphia—Had Tennyson lived in the days of Connie Mack, he could have applied the words of his song of the brook "for men may come and men may go, but I go on forever," to the tall and slender tutor of the Philadelphia Athletics.

No manager in baseball has been the directing head of a team as long as the Philadelphia Athletics, nor has any manager been the guiding genius of one team as long as this master of the national game.

Only a little more than three years short of the Biblical three score years and ten, this veteran of the ball and bat keeps everlastingly at it, developing finished ball players from the raw material, worrying other managers, and winning pennants.

Connie Mack, whose name was whittled down from Cornelius McGillicuddy by the hard working sports writers in the dawn of modern baseball, will be 67 years old in December. He has no thought of quitting the game. Every once in a while he is asked when he is going to retire and replies he has no present intention of so doing. Recently he said he would leave the bench only when his health fails and there is no present sign of such an unfortunate happening.

The master builder of ball teams has been managing players since 1894, a stretch of thirty-five years. In the last 29 years he has piloted seven teams to the American League championship and three world's series titles. His teams have been the runner up six times.

It is his greatest ambition to again win the baseball classic. He has the best aggregation of ball players he has handled in 15 years, and while he does not boast that it is a world beater there is reason to believe that he thinks he will again sit on the top of the baseball world.

Connie Mack, as is well known in baseball, is a different type of manager from the general run of team directors.

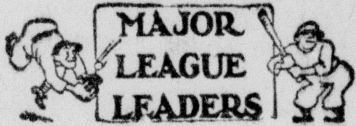

He is mild mannered, but firm. He never "bawls" out a player unnecessarily in the presence of others for some misplay, but manages to convey his displeasure without wounding the feelings of the man. His voice is never heard on the field, nor is he keen in open protest, against the judgment of the umpires. He is for clean baseball and his teams have always borne good reputations for gentlemanly conduct on the field.

CHILlicothe DRUBS QUANAH

EAGLES HOLDING PAIR OF VICTORIES OVER CLASS A OPPOSITION

Chillicothe, Sept. 21.—Chillicothe Eagles swamped Quanah Indians Friday by the top heavy score of 33 to 6. The game was featured by long runs by E. C. Creighton and Moco Hughes, midget quarterback, interspersed by driving line plunges by Fullback Grammer. Chillicothe, a class B school, holds two victories over Class A teams, having beaten Vernon High 6 to 0 on Tuesday. Chillicothe is undefeated so far and hopes to make a good showing.

Champion Cubs Don Armor for Tilt With Giants

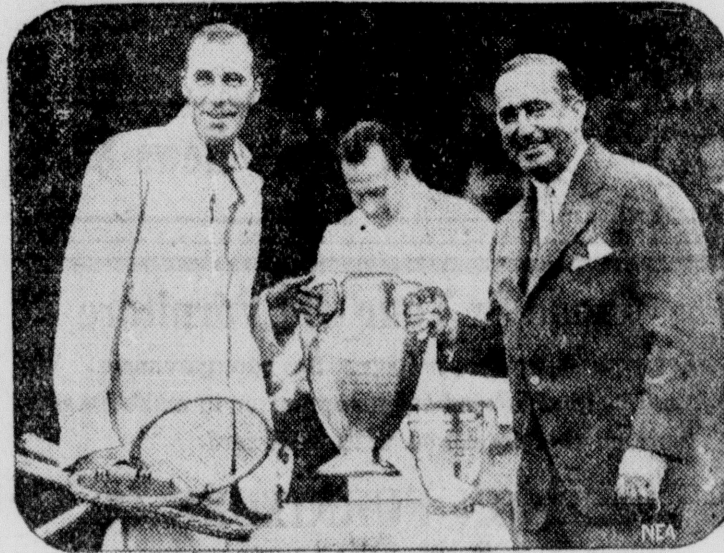

Chicago, Sept. 21.—(P)—A day of loafing and fishing behind them, the champion Cubs today donned their baseball armor for their penultimate tussle with the Giants.

Joe McCarthy's band was down for games with the Giants today and tomorrow, after which a five-day vacation will afford additional rest, and a single game with the Pirates will close the Cub's National League season. Two of the contests with the Reds will be played in Wrigley field September 28 and 29, with the four remaining tilts scheduled for Redland field, Cincinnati, October 2-3-4-5. The final with the Pirates will be played at Chicago, October 6.

Indications are that either Pat Malone or Charlie Root will oppose whoever Connie Mack selects in the opening game of the world championship series October 8. Malone who has demonstrated he is a cold weather hurler and has the edge, although Root is less likely to be perturbed by a world series gathering. Guy Bush, leading pitcher of the league, is badly in need of rest, and is not ranked as a bet for the opener.

COMBATING LOBBYISTS

The inquiry into the activities of William B. Shearer in connection with the Geneva disarmament conference is not uncovering anything of note that had not already been disclosed by Shearer in his suit against ship building companies. It has become apparent that lobbying of a nature far from commendable obtained at the conference, but it is obvious that little if anything can be done about it, the inquiry is not likely to gain anything.

Testimony offered at the inquiry tends to exonerate the ship building companies from any complicity in efforts to effect the failure of the conference to limit or reach an agreement for reduction of the naval armaments of the world. All the ship building companies maintain they employed Shearer only as an observer. Of course to the layman the salary of \$25,000 paid Shearer for a few weeks' work seems a bit high for a mere observer. Of course Shearer was employed as an expert on ship questions, and naturally would have commanded a high salary, but the layman is prone to subscribe to the theory that Shearer was employed more because of the connection which he is supposed to have had than for his technical knowledge of ship building. Doubtless there were several men in each of the ship building plants that could have served the interests of the ship builder as ably from a technical standpoint.

However, no matter what the private convictions may be with regard to the purpose in retaining Shearer, it is rather obvious that nothing can be done about it. No one has ever been able to devise a plan that will wholly eliminate the lobbyists from our legislative halls, and it is extremely unlikely that any plan to prevent outside influence operating at a naval conference will be found. The only solution, then, would seem to be for the governments of the world to select representatives whose honesty, integrity and attitude toward naval reduction are unquestionable. When they have done this, the ship building companies can employ lobbyists at princely salaries without avail, and will matter little whether their envoys are mere observers or whether they have been given their posts because of their friendship for certain officials. The problem of naval disarmament is one of the most vital issues before the world. It should challenge the efforts of the best minds of the world.

SHIFTING OF POPULATION

Every once in awhile we read where some social authority has become

alarmed at the decline in the ratio of rural population to urban. These sociologists foresee grave danger to the race unless the trend switches back toward the farm, which so often is eulogized as the cornerstone of all industries and all man's activities. It is argued that since farming, the production of food, is the most vital activity to man we are heading toward ruin when we permit our economic system to encourage removal to urban centers.

It is sanely argued that without the commodities which the farmers of America produce life would be practically impossible. There is no doubt that the farmers are, as they are often figuratively called, the "salt" of the earth.

However, there is such a thing as there being too much salt on the earth. It is very easy to understand that improved methods and the utilization of machinery have increased the production of the individual farmer many times over in recent years. Farming, like any other industry can be overcrowded. When this condition exists, the best thing for the industry itself, and for those engaged in it, is for a number of those making the smallest profit to turn to other means of livelihood. This usually happens automatically, and there is nothing alarming about the shift.

There can be no argument that the depopulated farms over which so much alarm is expressed are still producing an oversupply of their commodities. It is impossible to name any farm commodity that is scarce at present. It is easy to name a number that could be grown more profitably if the supply was decreased considerably.

So long as a scarcity of farm commodities is not in sight there is no reason for becoming alarmed over the shift of population from the country to the city. It is reasonable to believe that once the rural sections show the possibility of failing to supply the demand for farm commodities, the shift will automatically be reversed.

Tariff Dispute Shares Interest in Capital With Start of Probe of Naval Arms Limitation Activity

Washington, Sept. 20.—(AP)—The Senate tariff controversy shared interest on capital hill today with the start of the naval sub-committee's investigation of activities of American shipbuilders at the unsuccessful tri-partite arms limitation conference at Geneva in 1927.

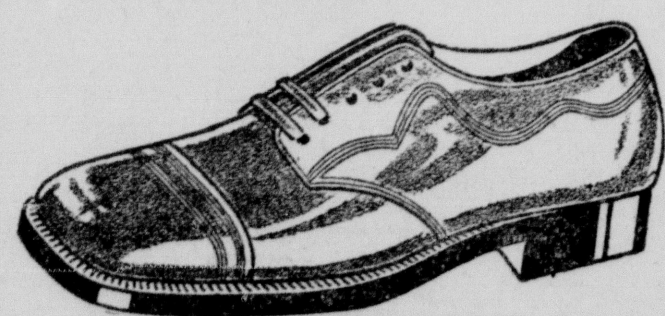

This investigation, growing out of allegations made by William B. Shearer of New York, big navy advocate, in a suit for \$257,655 which he claimed was due him from three large American companies for services at Geneva, was ordered after President Hoover had directed the Department of Justice to look into the question whether they had been guilty of disseminating propaganda inimical to the government's interest.

Officers of the American Brown-Boveri Electric Corporation, one of those named in the Shearer suit, and sub-committee, were the first called to testify. They were to be followed by representatives of the Bethlehem Steel Corporation and its shipbuilding subsidiary and the Newport News Shipbuilding and Dry Dock Corporation. After they have been questioned, Shearer will be heard.

Senator Borah, Republican, Idaho, who sponsored the resolution ordering the Senate investigation, has called attention that the three companies now are building cruisers for the navy which might not have been started if the Geneva conference had been successful.

The tariff situation in the Senate, meanwhile, was altered somewhat by decision of the Republicans to speed up the legislative machinery in an

Outperforming all other low-priced sixes

Not only is the Pontiac Big Six outperforming all other low-priced sixes. But, in addition, it is providing this unrivaled performance with amazing economy.

During 1928, a large public utilities corporation operated 996 automobiles of 33 different makes. And according to its own accurately recorded cost figures, its Pontiacs cost one cent less per mile to operate than any other low-priced six in the field at that time. Yet even that great record of economy is being surpassed by the Pontiac Big Six because of a number of refinements and advancements which this latest Pontiac includes.

Even with all its big car qualities—even with its big car power, pick-up and speed—the Pontiac Big Six offers you an actual dollars-and-cents saving. It gives you more of everything you want in an automobile. And does it—if you equal the average annual travel of 10,000 miles—at a saving of \$100 or more per year.

at lower cost than ever

FASTER Today's Pontiac Big Six offers the highest top speed and the fastest acceleration to be found in any low-priced six. Proved by the "fifth wheel"—the most accurate speed measuring device known to automotive engineers.

SAFER Because it carries two completely independent braking systems—internal-expanding four-wheel service brakes with non-squeak linings and a separate emergency brake acting on the transmission—because its bodies are of sturdy hardwood and steel construction—because it has full tread axles, front and rear.

SMOOTHER Because of the Harmonic Balancer which eliminates torsional crankshaft vibration—full pressure oiling which assures correct engine lubrication at any speed—crankcase ventilation which maintains the quality of engine oil—and many additional features.

MORE RELIABLE Because of its basic design, which includes moderate engine speed for any given road speed. Because of its greater smoothness which results in less wear and tear on mechanical parts. Because of the generous dimensions characteristic of all parts subject to stresses.

MORE POWERFUL Sixty brake horsepower at 3,000 revolutions per minute. The greatest power offered by any car as low in price as Pontiac... developed at the moderate engine speed which assures dependability.

LONGER-LIVED Every Pontiac since the first has been famous for endurance and long life. And those features of design which gave early Pontiacs their unprecedented long life have been retained and emphasized in this greatest of all Pontiacs—today's Pontiac Big Six.

Coolidge-Trumbull Wedding Will Be of Old-Fashioned Type With Vows Meaning Permanent Union

New Haven, Conn.—(A)—Up in New England they still believe in marrying in the old fashioned way—"for keeps."

Thus the Congregational Church at Plainville, Conn., will see the wedding September 23 of a young man interested in railroading and a young woman who knows how to cook and sew. John Coolidge, son of the former president, and Miss Florence Trumbull, daughter of the governor of Connecticut, will take their vows as their fathers and mothers did before them.

A luncheon here revealed that John Coolidge and his prospective bride are more interested in serious success in life than in fads.

The meeting was arranged by telephone—just an ordinary call to one o'clock in a hotel near the New Haven railroad. John agreed to be the guest of an Associated Press writer, whom he had never met, to look at some clippings.

The appointment was for 12:30 o'clock in a hotel near the New Haven offices. At that hour exactly the slender young man appeared.

John did not wish to discuss his marriage plans for publication, but he agreed to comment on newspaper stories in which Miss Trumbull had been credited with certain statements.

"I think she is quite capable of speaking for herself," he said, "but I will answer the questions."

The first showed Miss Trumbull's disapproval of companionate marriage. "The people who seem happiest to me in married life," she was quoted as saying, "are the ones like my father's and mother's friends. They have married for keeps; they have

never thought of anything else—it is the old way, I guess."

"Does that still represent Miss Trumbull's view?" John was asked. "I am sure it does," he replied. So it went. One clipping quoted Miss Trumbull as saying she didn't know how to cook.

John smiled and said: "That is not quite complete now. She knows how to cook; she also is very skillful at sewing."

And seemingly a brand of Trumbull economy may be joined with the famous Coolidge kind, for in reply to one question John said:

"She is also very good at making purchases—she knows much more about it than I do."

The son of Calvin Coolidge was reluctant to discuss personal affairs further, but there was one subject about which he wished to talk. "What," he asked by way of starting it, "do you know about railroading?"

Since the correspondent knew little about railroading except how to buy a ticket, the luncheon was adjourned.

JAPANESE NAVY MEN ADVOCATE MORE VESSELS

High Authorities Openly Discussing Possibility That Government Will Have To Lay Down More Fighting Ships To Maintain Standing.

Tokyo, (P)—With a program of eight 10,000-ton cruisers, each capable of 33 knots and armed with ten 8-inch guns, more than half completed, high naval authorities of Japan are publicly discussing the possibility that the government will have to lay down more fighting ships of this class in order to keep pace with the United States and Great Britain.

There has been no thought of suspending or abandoning work on the eight new ships, four of which are already afloat with the others due to take to the water within twelve months.

The public and semi-public utterances of naval officers from Admiral Takarabe, Minister of Marine, down indicate to Japan's intention of insisting at the next naval conference on a ratio of 10-10-7 in the allotment of auxiliary warcraft tonnage to England, America and this country. Japan asked for that ratio for capital ships at the Washington conference but finally accepted 5-5-3. The higher ratio for auxiliary craft was informally advanced at the three-power conference in Geneva in 1927.

The talk gave rise to recent newspaper reports that a supplementary program, calling for four additional 10,000 tonners, 15 first class destroyers and a number of smaller destroyers, submarines, gunboats and others, had been decided upon. The navy department later said that no announcement would be made at this time, lest it embarrass the MacDonal-Dawes conversations in London. It was remarked, however, that no outright denial of the reports was forthcoming.

Naval officers and publicists are giving the Japanese press a run for its money in the claim for the 10-10-7 ratio, asserting that the programs which America and Britain have in hand will give each of these powers between 250,000 and 300,000 tons of modern cruisers of more than 7,000 tons, whereas Japan by the completion of her eight Nachi class ships will have a corresponding tonnage of only 108,400, that is, eight 10,000-ton ships and four of the Furutaka class of 7,100 tons each. Hence, it is argued, that unless the two leading sea powers agree to reduce drastically their cruiser fleets, Japan must build several more within a short distance.

Japan, it is authoritatively indicated, hopes for such actual reduction by Britain and America, thus making any increase in the present Japanese cruiser strength unnecessary.

Funeral Services for C. C. King To Be Held Sunday

Funeral services for Charles C. King, old time resident of Vernon and Wilbarger County, who died Thursday night in Artesia, N. M., will be held here Sunday afternoon at 3 o'clock at the Church of Christ, Elder A. O. Coffey, pastor of the church, will officiate. Interment will be made in East View Cemetery. Mr. King, who was about 75 years of age, lived in and around Vernon for about 20 years, moving here from Fort Worth. He had been in Artesia with his wife for about a month for the benefit of his health. The body arrived here this morning on the Fort Worth & Denver train, accompanied by Mrs. King. Besides his widow, he is survived by three sons and three daughters, Everett King, Lake Arthur, N. M.; Herbert King, White City, Louis King, Vernon; Mrs. Clara Phipps, Farmers Valley; Mrs. John Crawford, Vernon, and Mrs. T. R. Pennington, Crosbyton. All of the children will be here for the funeral. Pall bearers will be S. R. C. Olin, Dixie Wheeler, Lester Rainwater, Bill Covert, R. B. Adams, and J. W. Clark. Frost & Dobbs Funeral Home will have charge of the services.

Bulk of Income Tax in Australia Comes from Rich

Sydney, (P)—So widely distributed is the wealth of Australia that only 35,000 persons are taxed on incomes of \$5,750 or more.

For several years there has been on foot movement from the higher to the lower grades of taxable income. Comparing the year 1926-27 with the year 1925-26, the greatest diminution of taxable income was in the grade \$25,000 and more. It amounted to 26.7 per cent. The other grades in which considerable decreases occurred were \$6,250 to \$7,500 (21.7 per cent) and \$20,000 to \$25,000 (14.3 per cent).

The rates are so graded that apart from those who escape taxation altogether most of the tax is paid by a few. The Federal income tax yielded \$33,356,770 in 1925-26 and \$28,248,230 of this was paid by the 35,104 persons whose taxable incomes were \$5,750 or more. The 190,224 whose incomes were less than \$5,750 contributed only \$4,109,040.

The rate of taxation increases so heavily as income rises, that 1,734 persons—those in the \$25,000 and more class—paid more than three times as much as the 190,224 who were taxed on incomes of less than \$5,750.

ITALY PLANS TO MAKE ROME SEAPORT CITY

Plans Underway To Utilize City's Proximity To Sea by Harnessing Tiber, Now Seldom Used for Passage of Ships.

Rome, (P)—Father Tiber, a tired old river, now coursing swiftly but fruitlessly to the sea, may once more return to glory in the time of the ancient Romans, as plans of the Fascist government bear fruit.

For years old Father Tiber has bowed his hoary head under the assaults of the railroads. Once his brown back carried hundreds of ships coming from all corners of the then-known world, bringing the silk and spices of the east, the tin of England and the leather of Africa to Rome, the capital of the world.

Today the Tiber is comparatively free of burden. Last year it carried only 54 ships up to the landing-stage at St. Pauls for a total of 2,659 tons. The same ships carried away only 638 tons of merchandise.

In 1929 the arrival of ships has become even less frequent, so that the sight of a boat by an inhabitant of St. Pauls suburb is something worth mentioning to a neighbor.

But the Fascist government has determined that Rome's advantage is being near the sea shall not be sacrificed. The department of the Tiber has undertaken to confine the river within rigid banks from Rome to the sea, so that the current, always swift, will deepen the channel automatically.

In some spots the channel is only six feet. The government hopes to make it at least half again as much.

Germany's Battle Ship Viewed as Navy Cut Block

Washington, Sept. 21.—(P)—Germany's new mystery warship—a 1,000-ton craft mounting six 11-inch guns and capable of a wide cruising radius at high speed—seems destined to play an important part in any future naval limitation conference that deals with capital fighting ships.

In the judgment of some American naval officers this would be especially so if there should be a move in 1930 to abolish the battleship, as has been suggested unofficially in recent months, since the beginning of the present Anglo-American negotiations for limiting tonnage of auxiliary fleet craft.

Faster Train Service. Mexico City, Sept. 21.—(P)—The Missouri Pacific Railway Company has announced that effective tomorrow passenger train service between Mexico City and St. Louis, Mo., will feature faster schedules and the elimination of long border halts for customs inspections, which will be conducted aboard running trains.

France Is Told To Rely Chiefly on Machine Guns

Paris, (P)—Machine guns; more machine guns and machine guns always.

A smaller army, fewer soldiers, but a compact force of trained men and military officers of career.

These are the broad outlines of a plan for the reorganization of the French army published in the "Revue of the Living" under the initials "ZZZ", whom every one conversant with French military matters has recognized as one of the high officers in the present army.

Plans for the reorganization of the French army have been numerous recently. It has been officially admitted by the French ministry of war that the French troops need reorganization. At the time of Marshal Foch's death he was busy with Minister of War Painleve and several advisers drawing up a set of reforms. The work is now being continued with General Weygand, Foch's former right hand man, as collaborator to the minister of war.

That the French military mind still regards Germany as a possible menace to France was shown by the trend of "ZZZ's" article.

"The experience of the late war has proved that a machine gun barrage is impassable, providing the barrage is assured by one machine gun to every 400 yards," he said.

"Reduce our eastern and northern frontier to 360 miles—neglecting to take into consideration those sections of it which are made impenetrable by forests, rivers and canals. Thus we find that 1,500 machine guns are necessary for the establishment of a continuous barrage, requiring 375 squads or 100 companies. In the present state of our organization, 100 machine gun companies represent 100 infantry battalions, or 11 divisions, which should be occupying our northern and eastern frontiers. Our present army cannot assure that service."

The writer concluded by asking for the incorporation of a permanent force of 100,000 men and soldiers of "career," to be under arms at all times and by a final plea for more machine guns. The general "incognito" was in deadly earnest and may be said to interpret the thoughts of the French general staff.

Dr. E. F. Lyon returned home Friday evening from Dallas, where he has been with Mrs. Lyon, who is receiving treatment at Rushing Hospital there. He reports Mrs. Lyon as slightly improved. If she continues to improve, he said, he will be able to leave the hospital in about ten days. She will go from there to Mineral Wells, where she will spend several months recuperating.

COTTON

New Orleans

New Orleans, Sept. 21.—(P)—The cotton market today had a rather irregular opening. Although Liverpool came in better than due first trades showed a gain of three points on October but losses of 2 to 4 points on more distant months. The market based on the strength of favorable weather, large crop movement, hedge selling and week-end liquidation. October traded down to 18.32, December to 18.63, and January to 18.70, or 7 points on all active months below yesterday's close.

At the end of the first hour the market was steady and at the lows.

New York

New York, Sept. 21.—(P)—The cotton market opened steady at an advance of 2 points to a decline of 4

points. There was some buying on relatively steady cables, but this was supplied by selling on a favorable view of the weather. Early fluctuations were comparatively narrow with December ranging from 18.78 up to 18.83, and the general market ruling about net unchanged to 4 points lower at the end of the first hour.

GRAIN

Chicago, Sept. 21.—(P)—Wheat today dropped to the lowest level since July 13 last. Enlargement of estimates of the world's available supply, together with reports of rains in Argentina and of cheaper offerings from there, was largely responsible.

Opening 7-8 to 1-4c down, wheat afterward kept near the initial range. Corn, oats and provisions were also weaker, with corn starting -8 to 1 5-8c off, and recovering but little.

Wheat closed unsettled, 5-8c to 1 1-4c under yesterday's finish. Corn closed 7-8c to 1 3-4c down, oats 1-8 to 1-4c to 3-8c off, and provisions varying from 25c decline to a rise of 2c.

Spot Close. New Orleans, Sept. 21.—(P)—Spot cotton closed steady, 9 points down. Sales 11,011; low middling 16.70; middling 18.20; good middling 18.60; receipts 11,516; stock 145,903.
